

# FUEL TANK SERVICE KIT

P/N 2204686 LH Fuel Tank (Application: 2008-2011 Vision™ Models)

P/N 2204687 RH Fuel Tank (Application: 2008-2011 Vision™ Models)

This kit contains a 2012-current style fuel tank and mounting hardware which offers improved performance over the original fuel tank and mounting hardware.

- Please note that all parts from this kit must be installed with the fuel tank as directed in the instructions.
- Some original parts will be re-used, including the mounting bolts, mount isolators, fuel lines, fuel cap and fuel pump assembly (RH fuel tank only). Closely inspect these parts prior to installation of this kit and replace any that fail inspection. It is recommended that the fuel pump seal and mounting screws be replaced anytime the fuel pump is installed into a fuel tank. Refer to the *Service Manual* for proper installation procedure.

Before you begin, read the instructions and make sure all parts and tools are accounted for. Please retain these installation instructions for future reference and parts ordering information.

Approximate Installation Time: 30 Minutes

This kit includes:

Qty.	Part Description	Part Number
1	LH Fuel Tank	1017247
