	1	Instructions	9924814

Items marked (*) are included in Hardware Kit PN 2205285.

IMPORTANT: Your Polaris MUDFLAP is exclusively designed for your vehicle. Please read the installation instructions thoroughly before beginning. Installation is easier if the vehicle is clean and free of debris. For your safety and to ensure a satisfactory installation, perform all installation steps correctly and in the sequence shown. Before you begin, ensure to thoroughly review the instructions. Ensure that you have all the required tools and the skills necessary to complete this installation.

Tools Required:

   Safety Goggles   Torx Set   5/16" Drill bit Set

**APPROXIMATE ASSEMBLY TIME:** 20-25 minutes

INSTALLATION INSTRUCTIONS:

1. Place the vehicle in "PARK". Turn the key to "OFF" position and remove from the vehicle.

2. Using the mud flap (PN 5450966) as a template, drill four holes in driver's side front fender flair. Figure 1.

   NOTE: Install one tuff lock rivet through the mud flap and existing hole on the fender to mark the proper hole locations.

Figure 1.

3. Install LH mud flap on fender flair by attaching tuff lock rivets (PN 7661855) at five places. Figure 2.

Figure 2.

4. Install lower rubber mud flap (PN 5415124) by attaching three M6 screws (PN 7518546) with three M6 nuts (PN 7547453) and six washers (PN 7556386) as shown. Figure 3.

5. Repeat Steps 2-4 to install RH mud flap (PN 5450967) on the passenger side.
