For Maintenance and Safety

INDIAN RIDE COMMAND USER GUIDE

7" DISPLAY POWERED BY RIDE COMMAND

⚠ WARNING

Read, understand, and follow all of the instructions and safety
precautions in this manual and on all product labels.

Failure to follow the safety precautions
could result in serious injury or death.

⚠ WARNING

Operating, servicing, and maintaining a passenger vehicle or off-road
vehicle can expose you to chemicals including engine exhaust, carbon
monoxide, phthalates, and lead, which are known to the State of California
to cause cancer and birth defects or other reproductive harm. To minimize
exposure, avoid breathing exhaust, do not idle the engine except as
necessary, service your vehicle in a well-ventilated area and wear gloves
or wash your hands frequently when servicing your vehicle.

For more information go to www.P65Warnings.ca.gov/passenger-vehicle.

Indian MOTORCYCLE

User Guide for 7"
Display Powered by
RIDE COMMAND

Congratulations on your purchase of a new INDIAN MOTORCYCLE. You have joined an elite family of motorcycle riders who have acquired a celebrated piece of American history by choosing to own an INDIAN MOTORCYCLE.

Your new motorcycle is the end result of true dedication and craftsmanship by our engineering, design and assembly teams. It was designed and manufactured to meet our goal of providing you with a high quality motorcycle that you can ride trouble-free for many years to come. We hope you will take as much pride in riding your new motorcycle as our team did in building it for you.

We urge you to read this user's guide thoroughly. It contains information essential to safe riding and the proper use and maintenance of your motorcycle's Ride Command display.

Your authorized INDIAN MOTORCYCLE dealer knows your motorcycle best and should be consulted for service and assistance. Skilled technicians using advanced equipment and methods are best qualified to perform all major repairs and service your motorcycle may require.

INDIAN MOTORCYCLE comply with all federal, state and local safety and emission regulations for the area of intended sale.

CONGRATULATIONS!

The following signal words and symbols appear throughout this manual and on your vehicle. Your safety is involved when these words and symbols are used. Become familiar with their meanings before reading the manual.

⚠ DANGER
DANGER indicates a hazardous situation which, if not avoided, WILL result in death or serious injury.

⚠ WARNING
WARNING indicates a hazardous situation which, if not avoided, COULD result in death or serious injury.

⚠ CAUTION
CAUTION indicates a hazardous situation which, if not avoided, COULD result in minor to moderate injury.

NOTICE
NOTICE provides key information by clarifying instructions.

IMPORTANT
IMPORTANT provides key reminders during disassembly, assembly, and inspection of components.

INTRODUCTION
WELCOME

Welcome to RIDE COMMAND for INDIAN MOTORCYCLE. This intuitive display gives you access to a variety of interactive features and access to your motorcycle's custom information.

For a safe and enjoyable riding experience with your new display, please read your vehicle's owner's manual and this user guide. If you need additional assistance with display operation or software updates, please see your authorized INDIAN MOTORCYCLE dealer or visit *ridecommand.indianmotorcycle.com*.

For the latest information about your INDIAN MOTORCYCLE display powered by RIDE COMMAND, including software updates, please visit *ridecommand.indianmotorcycle.com*.

⚠ WARNING
Do not enter information while operating your vehicle. Failure to pay attention to the operation of your vehicle could result in loss of control, injury, or death. You assume all risks associated with using this device. Read your user guide thoroughly and always drive with the latest maps and road data from *ridecommand.indianmotorcycle.com/display*.

OVERVIEW

NOTICE
Using the display for an extended period of time while the vehicle's engine is off can drain the battery.

INTRODUCTION

<table>
<tr><td>⚠ WARNING</td></tr>
<tr><td>Do not enter information while operating your vehicle. Failure to pay attention to operating your vehicle could result in loss of control, injury, or death. You assume all risks associated with using this device. Read your User Guide.</td></tr>
</table>

<table>
<tr><td>⚠ WARNING</td></tr>
<tr><td>Driving while distracted can result in loss of vehicle control, crash, and injury. We strongly recommend that you use extreme caution when using any device that may take your focus off the road. Your primary responsibility is the safe operation of your vehicle. We recommend against the use of any hand-held device while driving and encourage the use of voice-operated systems when possible. Make sure you are aware of all applicable local laws that may affect the use of electronic devices while driving.</td></tr>
</table>

Before riding with your new display, do the following:

• Read this entire manual.
• Familiarize yourself with the features and operations of the display while the vehicle is stationary.
• Download the INDIAN MOTORCYCLE Ride Command app from the APPLE® APP STORE® or Google Play® store and create your personalized account.
• Check *https://www.indianmotorcycle. com/en-us/owners-manuals/* for the latest updates to the owner's manual.

DEVICE OPERATING REQUIREMENTS

Phone functionality is dependent on the capabilities of your cell phone.

<table>
<tr><td>*NOTICE*</td></tr>
<tr><td>Some cell phones or operating systems will not work as shown in this manual.</td></tr>
</table>

RADIO COMPLIANCE STATEMENTS

The following statements apply to radio components offered with this vehicle. These include but may not be limited to the touchscreen display.

USA RADIO COMPLIANCE

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

This device complies with FCC RF radiation exposure limits for general population.

This device contains license-exempt transmitter(s)/receiver(s) that comply with Innovation, Science and Economic Development Canada's license-exempt RSS(s). Operation is subject to the following two conditions:

1. This device may not cause interference.

2. This device must accept any interference, including interference that may cause undesired operation of the device.

> **⚠ CAUTION**
>
> This equipment complies with part 15 of the Federal Communications Commission (FCC) rules.
>
> These requirements are intended to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation.
>
> If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:
>
> • Reorient or relocate the receiving antenna.
> • Increase the separation between the equipment and receiver.
> • Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
> • Consult the dealer or an experienced radio/TV technician for help.
>
> Changes or modifications to this equipment not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

CANADA RADIO COMPLIANCE

This vehicle contains the following radio equipment or components that contain radio equipment:

COMPONENT	COMPONENT ID	MANUFACTURER
Ride Command RC-7 Display	RC-7	Polaris Industries Inc.

This device contains license-exempt transmitter(s)/receive(s) that comply with Innovation, Science and Economic Development Canada's license exempt RSS(s). Operation is subject to the following two conditions:

1. This device may not cause interference.

2. This device must accept any interference, including interference that may cause undesired operation of the device.

EUROPEAN (EU) RADIO COMPLIANCE

Hereby, INDIAN MOTORCYCLE declares that the above radio equipment is in compliance with EU Directive 2014/53/EU.

The full text of the EU declaration of conformity is available at the following internet address: *https://www.polaris.com/en-us/radio-conformity/*

備考1.〝超出0.1 wt％〞及〝超出0.01 wt％〞係指限用物質之百分比含量超出百分比含量基準值。
Note 1: "Exceeding 0.1 wt "%" and exceeding 0.01 wt %" indicate that the percentage content of the restricted substance exceeds the reference percentage value of presence condition.

備考2.〝○〞係指該項限用物質之百分比含量未超出百分比含量基準值。
Note 2: 〝○〞 indicates that the percentage content of the restricted substance does not exceed the percentage of reference value of presence.

備考3.〝-〞係指該項限用物質為排除項目。
Note 3: The 〝-〞 indicates that the restricted substance corresponds to the exemption.

SERVICE AND WARRANTY INFORMATION

Some procedures are beyond the scope of this manual. See your dealer to purchase an *INDIAN MOTORCYCLE Service Manual*. Some procedures provided in the service manual require specialized knowledge, equipment, and training. Be sure you have the required technical skills and tools that are needed before you attempt ANY service on your motorcycle. Please contact your authorized dealer before attempting any service work that is beyond your level of technical knowledge or experience, or if the work requires specialized equipment.

OPERATING MOTORCYCLE OUTSIDE THE U.S.A.

If you plan to operate your motorcycle in countries other than the USA and Canada:

• Service facilities or replacement parts may not be readily available.
• Unleaded gasoline may not be available. The use of leaded fuels will cause engine damage, damage to your emissions systems and voiding of your warranty.
• Gasoline may have a considerably lower octane rating. Improper fuel can cause engine damage.

REPORTING SAFETY DEFECTS

If you believe that your vehicle has a defect that could result in a crash or cause injury or death, you should immediately inform the National Highway Traffic Safety Administration (NHTSA) in addition to notifying INDIAN MOTORCYCLE in writing.

If NHTSA receives similar complaints, it may open an investigation, and if it finds that a safety defect exists in a group of vehicles, it may order a recall and remedy campaign. However, NHTSA cannot become involved in individual problems between you, your INDIAN MOTORCYCLE dealer or INDIAN MOTORCYCLE.

To contact NHTSA, or obtain other information about motor vehicle safety, you may either call the Vehicle Safety Hotline toll-free at 1-888-327-4236 (TTY: 1-800-424-9153), visit the NHTSA website at www.safercar.gov, or write to:

ADMINISTRATOR, NHTSA
1200 New Jersey Avenue, SE
West Building
Washington, DC 20590

REPORTING SAFETY DEFECTS (CANADA)

To report a safety defect to Transport Canada, you may either fill out an online defect complaint form at their website (English: *http://www.tc.gc.ca/recalls*, French: *http://www.tc.gc.ca/rappels*) or contact their Defect Investigations and Recalls Division by calling toll-free 1-800-333-0510 (Canada) or 819-994-3328 (Ottawa-Gatineau area / International).

RIDE COMMAND BUTTONS

BUTTON	FUNCTION
Rider Screens	Press the Rider Screens button to access the customizable split screen menu system, access to ride data, vehicle status, and vehicle information.
Navigation	Press the Navigation button to access Ride Command navigation features (if equipped), find directions, and look up addresses, gas stations, and other points of interest.
Controls	Press the Controls Button to access the INDIAN MOTORCYCLE Badge Panel and additional settings.
Phone	Press the Phone button to pair a phone or headset to the INDIAN MOTORCYCLE Ride Command display.
Audio	Press the Audio Button to change the audio source, adjust volume level, and set radio presets.

RIDER SCREENS

The Rider Screens are customizable and provide unique access to ride data, vehicle status, and vehicle information. The Rider Screens also provide easy access to other often used features, such as Audio controls, Bluetooth® features, and Maps.

NAVIGATION

Press the Navigation button to access Ride Command navigation features (if equipped), find directions, and look up addresses, gas stations, and other points of interest.

CONTROL PANEL (HEAVYWEIGHT)

From the Control Panel you can access settings, adjust display brightness, select ride mode, and vehicle climate controls.

You can access the Control Panel at anytime by pressing the gear button on the gauge, or by tapping the INDIAN MOTORCYCLE icon located at the top of the display screen.

CONTROL PANEL (CHALLENGER)

From the Control Panel you can access settings, adjust display brightness, select ride mode, and vehicle climate controls.

You can access the Control Panel at anytime by pressing the gear button on the gauge.

PHONE

The Phone screen displays recent calls, contact list, key pad, and messages. The display will only show messages received while smartphone is paired via Bluetooth®.

AUDIO SCREEN

The Audio screen allows you to access music stored on your smart-phone or other music device. You can pair your device using Bluetooth®, or by connecting it to the display's USB port.

USB audio playback is only available on flash drives formatted to exFAT® or FAT32. Playback from an iOS® devices is only available on iPhone® 8 models or later.
INSTRUMENTS, FEATURES AND CONTROLS

RIDE COMMAND RIDE MODES

You can choose between different ride modes based on your vehicle and its accessories to customize your riding style. Please reference your vehicle Owner's Manual for applicable ride modes.
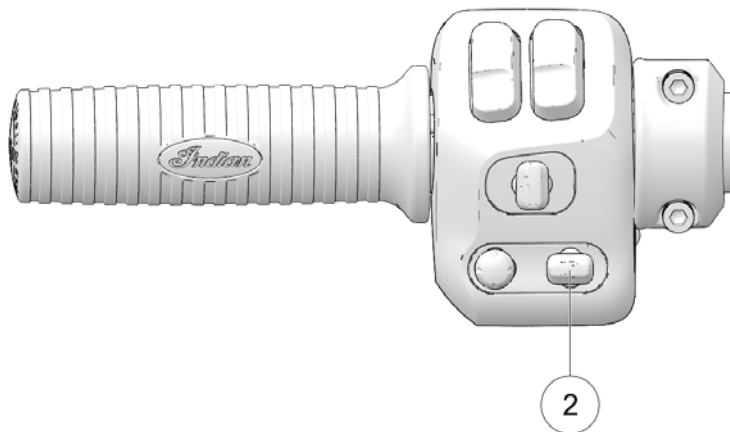

CHIEF HAND CONTROLS

MEDIA SWITCH

Use the 5–way media switch ① to do the following:

- Press center to mute
- Press up/down to increase/decrease volume.
- Press left/right to move to previous/next track.
- Long press to activate Push to Talk.

SELECT SWITCH

Use the 3–way select switch ② to do the following:

- Press up and down to navigate display screen.
- Press center to select.
- Press and hold to drop down badge panel.

TRIGGER SWITCHES

There are trigger switches located on the reverse side of both the right and left ③ switch cubes.

Use the trigger switches to do the following:

- Press the right trigger switch to confirm selection.
- Press the left trigger switch to back out of menu screens.

TRACTION CONTROL

To disable the Traction Control, do the following:

1. Press the Menu/Control button to bring up the Control Panel.

2. Tap on the Traction Control toggle switch to disable Traction Control.

3. A prompt will appear asking you to confirm that you want to disable the Traction Control. Press DISABLE to confirm.

NOTICE
Traction Control will not become disabled until vehicle speed is at zero.

4. To re-enable Traction Control, press the Traction Control toggle switch again.
NOTICE
Traction Control is automatically enabled after every power cycle of the bike.

HEATED GRIPS HEAT LEVEL SETTING (IF EQUIPPED)

The heated grips heat level displays momentarily after changing the heat level. A brief pop-up will appear on the touchscreen display when heat level is changed.

HEATED SEAT SWITCHES (IF EQUIPPED)

Use the seat switches located on the lower left edge of the seat to adjust heating settings. The front switch ① controls the settings for the driver seat, and the rear switch (if equipped) ② controls the passenger seat setting.

For models equipped with Ride Command, a brief pop-up will appear on the touchscreen display when heat level is changed.

For more information, see page 22.

HEATED SEATS HEAT LEVEL SETTING (IF EQUIPPED)

To enable and adjust the heated seats, do the following:

1. Press the Menu/Control button to bring up the Control Panel.

2. Tap on the Rider Seat or Passenger buttons to toggle the heated seat between Off, Low, Medium, and High settings.

NOTICE
The seat temperature can be adjusted by using the switches on the seat. See page 22 for more information on the seat switches.

BLUETOOTH® PAIRING

The INDIAN MOTORCYCLE Ride Command touchscreen display can be connected to a smart-phone and a headset simultaneously.

To pair a device, do the following:

1. From the Bluetooth® Devices settings screen, the Phone screen, or the Music screen, tap on the Add Device button to bring up the pairing prompt.

2. Put your Bluetooth® device into pairing mode.

3. Wait until both the device and display are found to avoid issues pairing.

4. Select the name of the device you want to pair from the touchscreen display to finish the pairing process.

5. Confirm pairing (if applicable). Depending on the device you are pairing to the display you may be prompted to confirm pairing.

CONNECTED SERVICES

Certain INDIAN MOTORCYCLE Ride Command equipped models include connected services, provided for a limited time starting on the date of purchase. The features include speed limit layer, real time traffic, weather, and enhanced destination search capabilities. Available features will vary based on geographic location. To check your connected service status and to renew, go to: *http://ridecommand.indianmotorcycle.com*.

IDLE TIMER SHUTDOWN NOTIFICATION

NOTICE
The engine is air-cooled and requires unrestricted air flow to ensure proper operating temperature. Long periods of idling or traveling at very low speeds (such as during a parade) may overheat the engine, resulting in serious engine damage.

To prevent overheating, the engine will shut down after running at idle for a prolonged period of time without user input. At any time during the idle countdown timer period, user input to the clutch/brake levers, or throttle, will end the shutdown sequence. Prior to engine shutdown, notifications will be provided to the user.

For motorcycles equipped with Ride Command, a notification will display a countdown timer to warn that the engine is about to shut off ①. After the time has elapsed and the engine is shut off, a subsequent notification will be displayed ②. After the engine shuts off, the engine can re-started by pressing the starter switch.

OPERATION
RIDE COMMAND SETTINGS

From the Settings Menu you can view important details about your vehicle and personalize your touchscreen display. The settings menu is comprised of four categories: Information, General, Time, and Vehicle.

GENERAL INFORMATION

From the Information settings menu you can view the following:

• Vehicle Identification Number (VIN)
• Mileage
• Installed Software Version
• Oil Change Interval

GENERAL SETTINGS

From the General settings menu you can do the following:

• Themes (Day/Night/Auto)
• Manage Bluetooth® Devices
• Change the Language
• Set the Speed Units of Measure (MPH or KPH)
• Set the Temperature Units (F or C)
• Update Software
• Update Maps

CLOCK

From the Time Settings you can do the following:

• Set the Time Format (12 hour or 24 hour)
• Enable GPS Time (automatically sets the time to the time zone you are currently in)
• Set Time (if GPS Time is not enabled)

NOTICE
The clock is sourced from the GPS chip and periodically requires GPS lock to function correctly.

NOTICE
Clock reading will be non-existant or inaccurate after disconnecting battery and will require a new GPS sync to function properly.

VEHICLE INFORMATION

From the Vehicle Settings you can do the following:

• Oil Life/ Service Reset
• Access Vehicle Diagnostics

REAR CYLINDER DEACTIVATION

Designed as an aid to reduce engine and exhaust heat to the rider, Rear Cylinder Deactivation turns off the rear cylinder when the engine gets hot.

The following condition must be met for Rear Cylinder Deactivation to be enabled.

• Engine must be up to operating temperature
• Ambient Temperature must exceed 15 C
• Engine speed must remain below 1000 rpm
• Gear position must be 1, 2, or N
• Throttle must be in the closed position (0% throttle)

For models equipped with Ride Command, Rear Cylinder Deactivation can be turned off by accessing the settings menu in the drop-down from the top of the screen. Cylinder Deactivation controls are in the Vehicle Settings menu. When Rear Cylinder Deactivation is functioning, an icon will illuminate at the top of the Ride Command display screen.

MAINTENANCE
CARE AND MAINTENANCE

To clean the display shell, use a soft cloth with mild soap and water. Do not use harsh or abrasive cleaners. For best results, use a micro-fiber towel to clean the screen. Window cleaner or alcohol may also be used.

NOTICE
Immediately clean off any gasoline that splashes onto the display.

VEHICLE STORAGE

When preparing the vehicle for storage make sure the ignition switch is in the OFF position to prevent battery drain and diminished battery life.

SPEED LIMITATION

Various aspects of the display such as phone contacts and call logs may be unavailable while driving at high speeds.

OVER THE AIR UPDATES

NOTICE
Over the air updates are only available on models equipped with a cell modem.

If your model is equipped with a cell modem, the motorcycle will automatically download software updates from the cloud when the motorcycle is powered on and a cell modem connection is available. All downloads occur in the background and can be resumed if the connection is interrupted or if the motorcycle is turned off.

MAINTENANCE

HOW TO INSTALL SOFTWARE

Once new software has been downloaded to your display, you will be prompted with a notification.

To install new software, do the following:

1. Navigate to the General Settings tab in the Settings menu.

2. Press the "Install" button.

<table><tr><td>NOTICE</td></tr><tr><td>The following conditions must be met for the installation to initiate: the battery voltage must be greater than 12.5 V, the wheel speed must be at 0 mph, and the RPMs must equal 0.</td></tr></table>

<table><tr><td>NOTICE</td></tr><tr><td>The display will restart after the installation has successfully completed.</td></tr></table>

<table><tr><td>NOTICE</td></tr><tr><td>Critical updates will be installed automatically. A notification will display once the update is compete.</td></tr></table>
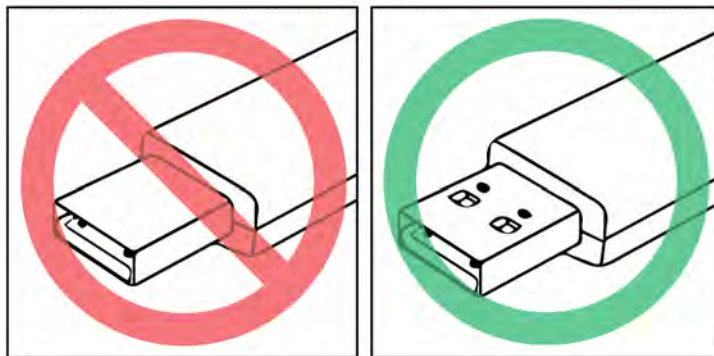

3. After the update had been completed, release notes will be provided on the software update screen.

USB PORT

The USB Port ① makes it easy to power devices, such as phones, audio sources, or GPS units, in addition to allowing you to stream music through the LCD display to your Bluetooth® headset. On models equipped with a INDIAN MOTORCYCLE Ride Command display, the USB port is also used to update the display software. For the latest software, go to https://ridecommand.indianmotorcycle.com

<table><tr><td>IMPORTANT</td></tr><tr><td>Due to harsh riding environments, INDIAN MOTORCYCLE recommends using a USB device with retention features.</td></tr></table>

UPDATE SOFTWARE

For the latest software for INDIAN MOTORCYCLE Ride Command, go to:
https://ridecommand.indianmotorcycle.com.

The display software can be updated by connecting a USB stick containing the latest software version to the USB port (refer to the Owner's Manual for location.) The Update Software menu in Settings will list any available updates on the USB stick. Choose the correct version and wait for the update to complete before removing the USB stick. The touchscreen display will automatically restart when software is updated.

IMPORTANT
It is recommended to connect your bike to a trickle charger before updating software or maps. Refer to your Owner's Manual for the trickle charger location.

SOFTWARE UPDATES

For software updates, INDIAN MOTORCYCLE recommends using a SanDisk®, Kinston℠, or similar USB flash drive with a minimum of 1GB in available memory, formatted using the exFAT® file system. For best results, remove all files from the flash drive before starting the update process.

MAP AND POINT OF INTEREST UPDATES

For Map and Point of Interest updates, a 32GB or larger USB drive is required (USB 3.0 drive is highly recommended). USB drive must be formatted to exFAT® before copying the map file onto it.

IMPORTANT
Do not remove power from the display during the update process.

RIDE COMMAND+

Your vehicle may come equipped with RIDE COMMAND+ technology, which gives you access to your vehicle's custom information including Vehicle Health, Vehicle Locator and Issue Diagnostics (if equipped) along with a variety of features via the INDIAN MOTORCYCLE mobile app. You will need a cellular connection to view these features.

To learn more about RIDE COMMAND+, including equipped or compatible vehicles, specific features, and to access the RIDE COMMAND+ User Guide, visit *ridecommand.indianmotorcycle.com* or scan the QR code:

Disclaimer: RIDE COMMAND+ features vary by region.
